1109 Intense Slopestyle 2 Mountain Bike - Small Aluminium Frame

Fantastic unisex bike built for gravity, freeride and MTB riding. No expense spared on the build, with quality components throughout.
Specification:
- Small aluminium frame
- Adjustable RockShox / Float suspension
- Atherton handlebars
- Race Face stem
- Shimano gearing
- Gel saddle
- Push-button height-adjustable seatpost
- Nukeproof grips

An older model now, but hardly used. Minor scratches and signs of wear as you would expect from a used bike. Frame alone was £1000.

A fantastic bike with a great specification.
